About me

Enthusiastic and highly motivated fullstack developer with a good foundation in ReactJS and Express seeking an opportunity to contribute my skills and knowledge to a dynamic team.

Projects

Personal Project - Job Portal Website

-Developed a job portal website using ReactJS , NodeJS, Express & MongoDB to showcase skills, projects, and achievements. Implemented a responsive design for optimal viewing on various devices.

-Empowered companies to manage job vacancies with ease, including the ability to add, delete, and edit postings.
